PURPOSE STATEMENT

NATIONAL 4-H POULTRY AND EGG CONFERENCE

The National 4-H Poultry and Egg Conference recognizes 4-H members who have excelled in their states in poultry learning experience activities. The activities and contests are designed to introduce participants to poultry, and the poultry industry. Life skills are also learned through preparation for the various contests. The Conference is used to make participants aware of careers in poultry and allied industries.

The poultry judging contests teaches participants to make decisions in an orderly manner, use reasoning skills, and communicate decisions. They also learn to use USDA grading criteria to determine the quality of ready-to-cook poultry and eggs. In the egg chef challenge contest contestants must prepare an egg dish, demonstrate presentation skills, and incorporate knowledge of the egg industry, egg quality and nutrition. The avian bowl is a double elimination contest for state teams patterned after other knowledge bowls. Contestants must have a comprehensive knowledge of subject matter for several species of poultry, food safety, physiology, nutrition, eggs, and other subjects. The chicken and turkey barbecue contests involve skills in barbecuing, preparation of a product, and a presentation that demonstrates knowledge of the subject industry, food safety, nutrition, and product attributes.

Life skills learned include becoming an informed consumer, proper food handling for food safety, leadership skills, communication skills, problem solving, and decision making.

**GENERAL RULES**

1. State Leaders are responsible for ensuring that all students meet the age requirements of the contest in which they are registered.
   
   1. All contestants must be 14-18 years old as of January 1 of the current year.
   2. All members must be current members of 4-H.
   3. Contestants must not have competed in post-secondary (college, university, etc.) competitive events in the same subject area.
   4. Contestants cannot compete in a contest in which he, or she, had participated previously.

2. **WARNING!!** Secure all valuables.

3. **If a contestant from your state has a disability and desire any assistance, devices, services, or other accommodations to participate in this conference, please contact Dr. Ken Koelkebeck by October 31 at (217) 244-0195 during business hours of 8:00 a.m. to 5:00 p.m. (Central time zone) to discuss accommodations.**

4. As of May 25, 2000, the National 4-H Leadership Council has established the following policy for national 4-H events:
   “Each state should provide proof of medical/accident coverage for all participating and non-participating contestants/members during travel to, while at Louisville, and travel from the contest.”
   In order to conform to the above policy, please make sure you have made provisions for this coverage from your State 4-H Office. It is NOT necessary to send in a copy of this insurance coverage.

5. The address for the official web page of this conference is
   
   https://national4hpoultry.ca.uky.edu

   This site includes general conference information, such as the rules and Information for each contest area, competition history, schedule of events, maps to the contest, career workshop, and registration link.

6. It is important that your registration is reviewed by the appropriate person in each state. Please provide the name and address of one person in each State to whom correspondence should be directed. This should be a Specialist (Poultry, Nutrition, or 4-H), and not a contestant.

   A. The Conference is comprised of five competitive events:
   1. Poultry Judging Contest - Team and Independent Individual
   2. Egg Chef Challenge Contest
   3. Chicken Barbeque Contest
   4. Turkey Barbeque Contest
5. Avian Bowl Academic Competition

B. Each state can also have a youth delegate apply as an Ambassador to the Specialist committee. They are expected to attend the specialist committee meeting at 3 PM Wednesday afternoon.

7. All contest decisions are final. Judge and class committee decisions in all contests are final.

8. The proper conduct of participants in the respective contests is important. Disorderly conduct prior to, during, or after each contest will result in a warning to the contestant, coach, or specialist involved. If abusive behavior continues, the contestant (or contestants) will be disqualified from the contest.

The score of the individual in the poultry judging contest will count toward the team score if not more than one person is disqualified from a State. Action concerning a Coach or Specialist will be decided by the Executive Committee of the National 4-H Poultry and Egg Conference.

At no time during the Poultry Judging Contest, Avian Bowl Contest, Chicken and Turkey BBQ Contest and Egg Chef Challenge, may a contestant, contest monitor, or judge carry a cellular phone and have it on. If personal circumstances warrant the use of one, this needs to be cleared by each contest chairperson.

9. Computer-generated graphics are acceptable in the illustrated presentations of the chicken and turkey barbecue contests. Posters must be used in the Egg Chef Challenge.

10. Breaking tie scores: Ties will be handled according to procedures listed for each contest.

11. All contestants and coaches must be neat, clean, and appropriately attired (nice slacks and shirts for male contestants, similar attire or blouse/skirt, or dress for female participants. 4-H uniforms will NOT be required.

12. Schedule of Events: Check in will be at the conference registration table in the lobby of the Crowne Plaza Louisville Airport at 8:00 a.m. on Wednesday. Please do not approach the table before 8:00 AM. The Conference begins at 9:30 a.m. on Wednesday with a Poultry Career Opportunities Workshop. Unless prior notification is given, all participants except Conference Committee members are expected to participate in all planned activities, including the career workshop and the get-acquainted party.

13. Contest Committee Chairpersons: General questions regarding the Conference may be directed to the Conference Superintendent. Specific questions regarding a contest should be directed to the appropriate Chairperson.

14. Awards: The list should be considered a "tentative list". The awards assume that our sponsors will support the conference at the same level as in previous years. NOTE: IF SPONSORSHIP DOES NOT MEET THE LEVEL FOR AWARDS, AWARDS WILL BE REDUCED OR ELIMINATED.
15. All specialist committee members are expected to assist in setting up the contest Wednesday afternoon. Only registered participants are allowed to attend a tour of Louisville. 4-H Ambassadors are expected to attend the Extension Specialist Committee meeting at 3 PM at the West Hall, Room 1, Fair and Expo Center.

16. **There is an activity fee that allows participants to participate in the career workshop, pizza dinner, and the awards banquet. Please indicate your participation when registering.** Registration costs are as follows: $50 for each contestant (regardless of the number of contests participating in); $50 for each non-contestant adult; and $25 for each non-contestant youth (ages 0-12 years). In addition, there is an additional charge of $10 per person for anyone, including a non-contestant youth (ages 0-12), participating in a tour. A tour may not be added after the registration deadline. This is because of logistics. Additionally, if anyone wants to purchase a National 4-H Poultry and Egg Conference t-shirt a charge of $18 will be added to the final registration costs.

This conference is for the benefit of the 4-H'ers, so if there is anything that we can do to make this a better learning experience, please let us know.

CONFERENCE REGISTRATION

**Note** A separate registration must be filled out online for each person attending the National 4-H Poultry and Egg Conference.

**Very Important** Please check each activity that the participant plans on attending. All registrations must be submitted online no later than October 20 at 5 PM Central Time. Anyone registering after this time will have a 50% late registration fee and will not be able to go on a tour or order a T-shirt. No registrations will be accepted after October 31.

There is a $50 activity fee for each contestant and each non-contestant adult attending the Conference. If a contestant is registered for more than one contest event it is just a one-time activity fee of $50. The activity fee for non-contestant youth (ages 0-12) is $25.

There is an additional charge of $10 per person for anyone participating in a tour, including a non-contestant youth (ages 0-12). If a person going on a tour has a special need they must let the committee know at the time of registration. A tour may not be added after the registration deadline. This is because of logistics.

Additionally, if anyone wants to purchase a National 4-H Poultry and Egg Conference t-shirt a charge of $18 will be added to the final registration costs.

**Very Important** If a contestant requires special arrangements in order to compete, it is important to let the committee know ahead of time so that arrangements can be made to meet the particular need.

If a person attending the conference has a special need they must let the committee know at the time of registration.

Online registration at http://go.illinois.edu/4HPoultryEggConference - active until October 20, 2023 (registration deadline)

Additional registration form needed for Egg Chef Challenge Contest.
Hotel Information

Hotel Registrations. A block of rooms has been reserved at the Crowne Plaza Louisville Airport. Each State is responsible for making lodging arrangements for its participants. To avoid confusion and to ensure your participants have lodging, please communicate with other personnel in your state when making reservations. **The hotel will not hold reservations past 6:00 p.m. without a credit card guarantee.** Room rates for this year are as follows:

- Single or Double $164 plus taxes
- Triple or Quad $164 plus taxes

For reservation information, contact the Crowne Plaza Louisville Airport

**Online reservations** - A dedicated booking website is available for the event (National 4-H Poultry and Egg Conference 2023 NAILE) where you will be able to make, modify, and cancel hotel reservations online, as well as take advantage of any room upgrades, amenities, or other services offered by the hotel. **The cut-off date for reservations is October 14, 2023.**

**By telephone** - (866) 888-0620 and reference group code NPE. *NOTE: To reserve rooms, when you call in, indicate that you are with the National 4-H Poultry and Egg Conference.*
CONGRATULATIONS! You are the best of the best from your state and soon you will compete at the national level. This is a tremendous achievement, and you should take pride in what you have accomplished. Start by utilizing what you know - one way to do this is by attending the Annual Poultry Career Opportunities Workshop. Nearly 80 contest participants and 20 group leaders attended this successful event in the past.

The featured speaker(s) will discuss the benefits of employment and opportunities available in the poultry and allied industries. Audience interaction will be anticipated and encouraged. It should be an educational and entertaining session. Please plan on attending.

POULTRY JUDGING CONTEST  
(Special Awards provided by U.S. Poultry & Egg Association)

PLEASE NOTE - THE NATIONAL 4-H POULTRY JUDGING CONTEST HAS SIGNIFICANT CHANGES STARTING WITH THE NOVEMBER 2021 CONFERENCE. The past manual sold by the University of Nebraska is no longer applicable to the national contest. The new manual is only available online.

NATIONAL 4-H POULTRY JUDGING CONTENT MANUAL (Revised February 2021)

PURPOSE OF CONTEST:

1. To develop youth and help them learn the techniques of logical, accurate decision making; to learn to recognize the reasons for their decisions, and to develop the ability to express their reasons orally.

2. To help youth learn and understand standards used in poultry and egg production and marketing, and to apply the standards in a realistic decision-making situation.

3. To serve as an award activity and trip for youth who have achieved superior levels of performance in-state competition and thus stimulate the learning process, interest, and enthusiasm.

4. To help youth with career guidance.

5. To promote the poultry industry.

RULES AND INFORMATION SPECIFIC TO THE POULTRY JUDGING CONTEST:

1. Each state is eligible to enter a team of three (3) or four (4) bona fide 4-H members and/or one (1) independent individual in the national contest. The individual cannot compete on a state team once registered for the contest and is ineligible to compete in the national poultry judging contest again. If a state has NO team they may enter up to two (2) individuals.

2. Contestants need not be enrolled in poultry projects and are not required to have conducted a poultry project in the current year.

3. Scoring for the contest will be done electronically. Each participant will be given a score sheet to use while judging and then will enter their choices into the electronic system. A practice page (with a downloadable score sheet) has been developed for the contest and is available at https://secure.georgia4h.org/poultrynational/practice/practiceinstructions.cfm.

For those wanting score cards that can be used at state contests, this is what Kentucky uses. I have removed 'Kentucky' from the cards for your use.

- Past production hens without reasons (pdf)
1. The contest will consist of the following three divisions: Production, Market Poultry, and Market Eggs. A perfect individual score in Production will be 500 points; in Market Poultry, 500 points; and in Market Eggs, 500 points; for a total of 1,500 points. A perfect team score will be 4,500 points.

2. Judging smocks will NOT be supplied to contestants.

3. Each contestant will receive an electronic scoring sheet to fill out during the contest. They will then enter their placings in laptops provided to allow for electronic scoring. The score sheet and the practice site are currently being updated with the changes made to the contest and will be available shortly.

4. Teams will be divided so that no two contestants from a state will be in the same group. Each group will remain together throughout the contest. Failure to do so will result in disciplinary action.

5. Ten (10) minutes will be allowed for placing each class. Also, a maximum of two (2) minutes will be allowed for each contestant to give oral reasons on Classes 2 and
4. Contestants will shift to the next class only upon notification by the contest monitor. The broken-out egg class will be judged at the end of the contest in groups assigned by the contest chairman.

6. Competent judges will be responsible for the official placing of all classes.

7. Qualified judges will listen to and score oral reasons on two production classes. Using notes while giving reasons will NOT be permitted. NO state or name identification will be worn by the contestant in the oral reasons room.

8. A competent committee will be in charge of grading the cards, announcing the results, and presenting the awards.

9. Each class of production hens, market poultry, and market eggs will be graded on the basis of 100 points for a perfect score. Similarly, oral reasons for the production classes will be graded on the basis of 100 points for a perfect score.

10. In the production division, there will be three classes of four past production hens. Oral reasons will be given for two of the classes. The hens are placed in accordance with the contest rules as stated in the manual. If more than one order is marked, the lowest score will be used. If no rank is marked, zero will be given for the class. The scoring of the placings will depend on the 'cuts' between the hens and is based on the difficulty in separating each pair of hens.

11. For the market poultry division, there will be two classes of ten (10) RTC carcass grading (broiler and heavy broiler), one class of ten (10) RTC parts grading, one class of ten (10) further-processed poultry evaluations, and one class of ten (10) RTC parts identification.

12. For the RTC carcass and parts grading the possible grades are A, B, C, or No Grade. Each carcass or part is worth ten (10) points. In scoring the class, three (3) points will be deducted for each grade separation line crossed between A-B and B-C. Four (4) points will be deducted for crossing the C-No grade line. For example, if the correct answer was No Grade and the contestant selected Grade B, three points would be deducted for crossing the B-C line and four points for crossing the C-No grade line, leaving the contestant with a score of three points. If the correct answer was Grade C and Grade A was selected, three points would be deducted for crossing the A-B line and three points for crossing the B-C, leaving the contestant with a score of four points. Ten (10) points will be deducted if a contestant fails to enter a grade for a carcass or more than one grade is entered.

13. For the further-processed poultry evaluation class, each product is worth ten (10) points. There are five possible factors, and each factor is worth two (2) points. For each factor, the contestants are to indicate if it is present or not.

14. For the RTC poultry parts identification, ten (10) points will be subtracted for each incorrect identification. If a contestant identifies less than ten (10) parts, a total of ten (10) points will be deducted for each unidentified part.
15. For the market eggs division, there will be two classes of twenty (20) eggs for exterior quality, two classes of twenty (20) eggs for interior quality by candling, and one class of ten (10) broken out eggs.

16. For the exterior egg grading, each egg is worth five (5) points. There are four possible grades - A, B, Dirty, and Loss. In scoring the exterior egg quality class, two (2) points will be deducted when the A and B grade separation line is crossed. Two (2) points will be deducted when the line between "B" and "Dirty" is crossed. One (1) point will be deducted when the line between "Dirty" and "Loss" is crossed. Five (5) points will be deducted if a contestant fails to enter a grade for an egg or more than one grade is entered for the same egg.

17. For the egg candling class, each egg is worth five (5) points. The possible grades are AA, A, B, or Loss. In scoring the candled market egg classes, one (1) point will be deducted for each grade separation line crossed except when the line between "B" grade and "Loss" is crossed; then, three (3) points will be deducted. Five (5) points will be deducted if a contestant fails to enter a grade for an egg or if more than one grade is entered for the same egg.

18. For the broken-out egg class, each egg is worth 10 points. The possible grades are AA, A, B, or Loss. In scoring the broken-out eggs, a three (3) point deduction will be made for each grade separation line crossed except when the line between "B" grade and "Inedible" is crossed; then, four (4) points will be deducted. Ten (10) points will be deducted if a contestant fails to enter a grade for an egg or if more than one grade is entered for the same egg.

19. In each division, the three highest contestant scores from each state team will be added to determine a team's divisional scores. Then the team's overall score will be determined by adding its three divisional scores.

20. In case tie scores occur, the ties will be broken by the following methods in the order listed.

   1. Ties in "production hen" and "overall categories" will be handled as follows: 1st) break the tie on the highest reasons scores; 2nd) break ties on the most perfect scores; 3rd) if ties can't be broken by the first two procedures, do not break the tie, and pay identical premiums, as advertised.

   2. For other categories, the contestant or team with the highest number of 100 scores will win; if even, the contestant or team with the largest number of the next highest score below 100 will win. If necessary, this method will be continued in the order of descent of scores or a method will be decided upon by the contest committee.

21. Appropriate awards will be made to the high individuals and teams in each division and overall judging.

22. Team and individual placings will be announced, and awards presented at an awards banquet Thursday evening.
23. As soon after the contest as possible, a copy of the detailed scoring will be provided to each participating state for distribution to each team member, the coach, 4-H office, and Extension poultry personnel.

24. CLASSES TO BE JUDGED IN THE POULTRY JUDGING CONTEST

1. Classes 1, 2, 3, 4, and 5 -- Egg production and reasons - 500 points

2. Classes 6, 7, 8, 9, and 10 -- Grading ready-to-cook chicken carcasses and poultry parts, evaluation of further-processed poultry products, and identification of ready-to-cook poultry parts identification - 500 points
Carcass and parts may NOT be touched or handled. Pinfeathers, diminutive feathers, hairs, and discoloration are to be disregarded.

Class 9 involves the evaluation of 10 further-processed poultry products for five possible factors. For each factor, contestants must indicate whether or not it is present. The further-processed products will be displayed on plates covered in plastic. The further-processed products may NOT be touched or handled. Class 10 is a class of ten (10) poultry parts. The parts may be from a chicken or turkey carcass. Each part is to be identified and the number of the part is written in the appropriate square in the front of the part name. The 10 parts will be selected from the 24 parts listed in the National 4-H Poultry Judging Manual. Each part will be prominently displayed on a baggie. The poultry parts may NOT be touched or handled.

3. Classes 11 and 12 -- Market Eggs -- Candelier - 200 points
   There will be two classes of 20 white-shelled chicken eggs to be candled for interior quality evaluation. Each egg is to be individually candled and classified as AA, A, B, or Loss. Eggs MUST be handled. It is important to handle the eggs carefully. No shaking of the eggs is permitted. Starting with the 2022 contest, new egg candlers will be used. AviLighting Egg Candler will be used. They are an LED Egg Candler with an adjustable mount. The candlers are available from AHParma Inc. We have asked for some to be reserved especially for 4-H clubs. The contact person is James McNaughton@admin.ahpharma.com. The cost is $210 per candler. There should also be a 15% discount for 4-H. Mention that it is for 4-H when contacting Mr. McNaughton.

4. Classes 13 and 14 -- Exterior Egg Quality - 200 points
   There will be two classes of 20 chicken eggs of any shell color to be individually classified AA/A, B, Dirty, or Loss. Eggs for exterior egg quality CANNOT be handled.

5. Class 15 -- Broken-Out Market Eggs -100 points
One class of 10 eggs will be broken out on a flat surface. Each egg is to be classified as AA, A, B, or Inedible. **Eggs and containers CANNOT be touched or handled.**

**TOTAL PERFECT SCORE - 1,500 points**

6. Scorecard for oral reasons on the egg production classes in the poultry judging contest.

Appearance (general neatness) and delivery --------------------------------- 24 points
- Did the contestant stand still, on both feet, and face the judges?
- Did he/she speak clearly, distinctly, and loud enough to be heard without shouting?
- Did he/she have an appropriate opening and closing sentence?
- Did he/she speak smoothly and without long pauses?
- Did he/she have confidence; was he/she convincing?

Proper use of terms -------------------------------------------------------------- 20 points
- Did the contestant mention such factors as pigment loss or bleaching, abdominal capacity, abdominal fat condition, and molt, or did he/she use terms that do not apply to judging egg production?
- Did he/she use the terms properly?
- Did he/she understand the terms used?
- Was he/she able to define the terms? (The contestant may be asked to define some terms).

Accuracy of statement ---------------------------------------------------------- 20 points
- Did the contestant really see the hens?
- Were his/her statements true, partly true, or false?

Completeness of coverage --------------------------------------------------------- 36 points
- Did he/she actually tell why he/she placed one hen over another, or did he/she just vaguely describe the hens? ---------------------------------- (10)
- Did he/she stress the crucial differences between hens, or did he/she make stereotype comparisons of numerous factors? -------------------------- (16)
- Did he/she tell all there was to tell of importance or were there several other good reasons that should have been given for his/her placing?- (10)

**NOTE:** The judges may ask the contestant to define one or two comparative terms.

AVIAN BOWL CONTEST
(Special Awards provided by U.S. Poultry and Egg Assoc. and Various Companies)

PURPOSE OF THE CONTEST:

1. To encourage youth to expand their knowledge of avian facts, and become proficient in poultry management, and related subjects.

2. To serve as an award activity and trip for youth who have achieved superior levels of performance in a state competition and thus stimulate their learning processes, interest, and enthusiasm.

3. To help youth with career guidance, and to promote the poultry industry, by stimulating their interest in poultry and other avian species.

4. To make learning fun.

THE 2023 STUDY PACKET:

All questions and answers will come from the following material in the 2016 version of the Avian Bowl Manual:

- Prologue ... available online only
- Avian systems (Circulatory, nervous, excretory, muscle only) ... pages 39-40
- Breeds, varieties, and strains (through New Hampshires) ... pages 67-71
- Eggcyclopedia ... pages 102-124
- Small turkey flock (All)... pages 45-54
- A revised version of Changing World of Poultry and Eggs Market ... available online only
- Embryology (Daily development through entire glossary) ... pages 191-195
- New section: Non-food uses of eggs ... available online only

Note: The above study material came from the National 4-H Avian Bowl Manual revised in 2016. The entire manual is available online at no charge.
RULES AND INFORMATION SPECIFIC TO THE AVIAN BOWL CONTEST:

1. Each state may enter a team of not less than two (2), and not more than four (4) members.

2. There will be a 25 question written quiz given the evening preceding the Avian Bowl Contest. The scores for the top three individuals will be added and averaged to give a team score.

3. Questions will be prepared from the National Avian Bowl Study Packet by the Avian Bowl Committee.

4. Questions will be fill-in-the-blank (short answer), multiple-choice, and spelling.

5. State representatives will be determined by the State 4-H Office or designated representative.

6. Team members may be participants in other contests.

7. As in other contests, team members may only compete for one year.

8. The Game Layout is shown below

9. At all times the audience is required to refrain from providing answers to any team member. Disciplinary action for violations will be at the discretion of the Avian Bowl Contest judges.

10. In the event an odd number of teams register, a "bye" will be awarded, as necessary, in order to allow all teams to participate.

11. No pictures will be allowed during the contest. No recording of any kind (tape recorders, videos, or written transcription) will be allowed.

OFFICIALS:

- **Moderator** - Assumes complete direction of the contest, asks all questions, designates contestants to answer questions, acts as the referee judge and is IN CHARGE at all times.

- **Referee Judge** - May rule on the acceptability of an answer.
• **Time Keeper** - Records total elapsed time for each contest and indicate to the moderator the expiration of total time or the expiration of the time allowed in which to answer questions.

• **Score Keepers** - Two individuals shall keep scores on each contest. One score should be kept so that all points awarded or taken away in penalties may be checked. The second score is kept maintaining scores visible to the moderator, the contestants, and, in so far as possible, the viewing audience.

**QUESTIONS:**

• The degree of difficulty and choice of questions will depend upon the contestants’ level of knowledge.

• Questions may be in the form of written words.

• Number of Questions. Each set of teams within a single round will have the same number of questions. Bonus questions will have the same point value in each game within a single round.

• Types of Questions. There are three types of questions:

  1. Regular Questions.

  2. Bonus Questions - A bonus question is usually a question requiring a several-part answer or a difficult answer. See point system summary for point values. Bonus questions WILL NOT be passed on to the other team in the event of an incorrect answer. When a team member answers a regular question correctly, a colored card in front of that team member will be turned over by the moderator. Regardless of the number of members on a team, four (4) questions must be answered correctly by the team before a Bonus Question is earned. There will only be one bonus question per team per game.

  3. Tie-breaker Questions - A tie-breaker question is used to replace a question thrown out by the judges. It is also used for the extra questions needed to break a tie between teams.

**POINT SYSTEM:**

• Correct Answer -------------------------------- plus 5 points

• Incorrect Answer---------------------------------- MINUS 5 points

• Acknowledgment Penalty-------------------------- MINUS 5 points

• Bonus Question ---------------------------------- plus 10 points

5 points per correct answer on multi-answer questions or bonus value on regular answers. NO loss of points for an incorrect answer to bonus questions. The value of the bonus questions will be announced by the moderator before the question is read.
Tied Games. In the event that two teams have a tied score in games involving placings, the tie will be broken by asking an additional five (5) questions. The running score will be maintained through the tiebreaker. Questions answered correctly during the tie-breaker can go toward the awarding of a bonus question if the team has not already received a bonus question during that game.

REFERENCE MATERIAL:
Competing teams should know well in advance the specific sources from which questions are taken. Questions will be taken from the National 4-H Avian Bowl Manual material available on the website at https://national4hpoultry.ca.uky.edu/content/avian-bowl

MECHANICS OF PLAY:

6. Format
   - A double-elimination tournament-style format will be followed. Any team which loses two games will be eliminated from the contest. The contest will continue until only one team remains with less than two losses.

7. Pairings, Byes, Order of Play and Placings
   - The average team score for the written test (lowest score will still be dropped) will be used to determine the seedings for the contest.
   - In the case of two average team written test scores being identical, the seeding will be determined by a coin toss.
   - The contest will be a classic double-elimination contest and will run as such by an individual versed in contest organization.

8. The written scores will not be added at the end of the oral competition.

9. The moderator will ask a question. The first person whose light flashes must start to answer the question within five (5) seconds after being acknowledged or LOSE five (5) points.
   - Any member answering a question without being acknowledged will LOSE five (5) points.
   - It will be the responsibility of the judges to determine that an answer was started within the five (5) seconds allowed. It should be noted that repeating the question does not constitute the initiation of an answer.
   - If an incorrect answer is given, the team will LOSE five (5) points.
   - If the question has been completely read, the moderator will not repeat the question, but the other team will have the opportunity to ring in within five (5) seconds.
   - Timing will begin when the question is complete and when a signal is activated.
- Once a contestant starts spelling a word the contestant may stop and begin again but can only re-trace the spelling previously given. The same holds true for a contestant with a fill in the blank question. The contestant can re-start, but not change what has already been said.

10. When a signal is activated before the question is completely read, the moderator shall stop reading the question, then the contestant has five (5) seconds to start the answer based on that portion of the question.

- If the answer is correct, the team will receive five (5) points.
- If the answer is incorrect or incomplete, the team will LOSE five (5) points.
- If the question was interrupted, the judge may NOT ask the contestant to be more specific, expand, or explain in any way their answer.
- If an interrupted question is answered incorrectly--the question shall then be completely reread, and the other team will have the opportunity to answer it.

11. If neither team can offer an answer to the question within 10 seconds, the moderator will give the answer and the question will be dropped and neither team will forfeit points.

12. The ONLY discussion allowed between team members will be on BONUS questions. The answers MUST come from the team captain.

- Only the number of answers required by the bonus question will be accepted. Example: If the bonus has a four-part answer--the first four answers given by the team captain will be accepted.
- On a bonus question, the team may have ten (10) seconds to consult. Time will be called at the end of ten (10) seconds--the captain must start the answer within five (5) seconds.
- Once the Captain starts the answers, he/she will have thirty (30) seconds to complete the answers required.

DECISIONS AND INTERPRETATIONS:

Answers and interpretations of questions will be the sole responsibility and final recall of the judge. All decisions of the judge, scorekeepers, and referee-timers are FINAL.

1. A team member will have the privilege to ask the judge to verify an answer that he/she feels is correct.

2. If a coach challenges the judge's decision--the coach must call "time out" immediately (before the next question is read). A decision made by the judge after the answer is verified will be FINAL.

3. Only answers contained in the Avian Bowl Manual will be acceptable to the Judge.

EGG CHEF CHALLENGE CONTEST
(Special Awards provided by various State Egg Promotion Associations)

PURPOSE OF CONTEST:

1. To develop and demonstrate leadership and communication skills.
2. To acquire knowledge of quality standards, size classification, nutritional value, preparation and storage, functional properties, versatility, and economic value of eggs.
3. To develop creative skills in the preparation, use, and serving of eggs.
4. To learn to enjoy eggs as food.
5. To use sound nutritional knowledge when planning meals.

NEW RESOURCE AVAILABLE - series of videos on how to organize an Egg Chef Challenge presentation - Auburn University

RULES AND INFORMATION SPECIFIC TO THE EGG CHEF CHALLENGE:

1. Each state is eligible to enter one bona fide 4-H Club member in the contest.
2. An appropriate contestant entry form must be submitted by the designated deadline. All information requested on this sheet must be provided, including a copy of the recipe, appliances needed and times, and total preparation time needed in the kitchen prior to the presentation. Failure to submit all information may result in inconvenience for the contest. Scheduling of appliances and presentation times are prepared using this information.
3. The contestants will be scored according to the points listed and described in the sample judges' scorecard.
4. During the preparation of the product, participants who need to use an oven may have to share it with another participant.
5. Each participant must present a demonstration on the preparation of an egg dish.
6. The presentation must include the following:
   1. Information of eggs: nutritional value, preparation and storage, functional properties, grading and sizing, versatility, and economics of cooking with eggs.
   2. Steps in preparation of the dish, demonstrating as many of the steps as possible.
   3. A finished dish ready for sampling. This must be prepared in the contest-site kitchen facilities on the day of the contest. Preparation may be prior to the presentation during the preparation time or during the actual presentation, depending on the nature of the dish. No contestants may prepare any portion of their dish outside the contest-site facilities.
4. Judges will be served and will sample the finished product at the end of each demonstration. Paper plates and bowls and plastic utensils will be provided, and these must be used when serving the judges. Contestants may not give anything to the judges except their recipe (see rule 9) and a sample of their finished product.

7. The presentation must be no more than 12 minutes in length. Contestants will be permitted to finish the presentation. If the presentation is two (2) minutes or less longer than the specified length, two (2) points will be deducted from the total score. If the presentation is from two (2) to five (5) minutes longer than the specified length, five (5) points will be deducted from the total score. If the presentation exceeds five (5) minutes longer than the specified length, ten (10) points will be deducted from the total score.

8. The contestant must have demonstrated the selected recipe no less than six (6) times prior to the contest.

9. At the time of the presentation, each contestant must submit to the judges and superintendent five (3) copies of the recipe used in the demonstration. This recipe must not contain the name of the contestant, or the state represented. Recipes submitted should meet the criteria described in rule 23.

10. The egg dish must contain a minimum of (Note: Large size eggs):
    - ½ egg per serving if the dish is classified as an appetizer or snack.
    - ½ egg per serving if the dish is classified as a dessert.
    - ½ egg per serving if the dish is classified as a beverage.
    - One (1) egg per serving if the dish is classified as a salad or main dish.

    - The numbers above represent eggs to be broken, however, the use of the entire egg is not required. For example, a dessert serving six people may be made with three egg whites.

11. The egg dish recipe may utilize prepared packages of food ingredients (i.e., grated cheese) or canned items (i.e., tomato paste).

12. Each contestant will furnish his or her own supplies for the demonstration EXCEPT the contest committee will provide eggs (size large), range, oven, microwave oven, and refrigerator necessary for the preparation of the egg dish in the kitchen. Contestants must provide hot plates, electric skillets, or burners to be used in the presentation.

13. Easels will be provided for the presentation. Only posters and table-top displays will be allowed. No slides or videos will be allowed. All props and visuals must be displayed on the demonstration table or easels. No additional display tables will be allowed.

14. Posters displayed must be the work of the contestant. Contestants may use notes or outlines to assist them but reading from notes may hurt presentation scores.

15. NO contestants will be allowed to have any means of identification as to his or her name or the state they represent either on their person or on their posters.
16. The preparation room will be off-limits to everyone except the contestants and egg preparation room staff.

17. Contestants will work alone in the contest preparation room unless an emergency arises, in which case they will be assisted by the preparation room staff.

18. All contestants must remain in the preparation room until after their demonstration. Contestants who have completed their presentations cannot discuss judges' questions with other contestants until the contest is completed.

19. Contestants will be assigned an 8-foot table for use in the preparation area and for use as a front table in the demonstration. The contest committee will assist in moving this table from the preparation room to the demonstration area. A second 8 foot back table is available in the demonstration area. Table cloths will be provided; however, contestants may use their own.

20. Each contestant is responsible for cleaning up after his or her presentation.

21. In case of a tie, the tie will be broken by the following method, in the order listed:
   
   1. The contestant with the highest score in "Presentation and Skill" will win.
   2. The contestant with the highest score in "Program Content" will win.
   3. The contestant with the highest score in "Product" will win.
   4. A method will be decided upon by the contest committee

CHICKEN BARBECUE CONTEST
(Special awards provided by U.S. Poultry & Egg Association)

NOTE: THE CHICKEN BARBECUE WAS CHANGED STARTING WITH THE 2021 CONTEST

Webinar on the new rules https://connect.extension.org/event/new-format-for-the-national-4-h-poultry-barbecue-contests

PURPOSE OF THE CONTEST:

1. To develop leadership talents and to work toward achieving the broad objectives of developing sound character and effective citizenship.

2. To acquire scientific knowledge and improved understanding of the economy, versatility, and nutritional value of chicken meat and its relationship to human nutrition and health.

3. To help youth develop skills in the preparation and use of chicken and to acquire the ability to express their ideas proficiently and efficiently through participation in projects, talks, discussions, demonstrations, and exhibits.

RULES AND INFORMATION:

1. Each state is eligible to enter one bona fide 4-H member in the contest; however, an individual may only enter one of the barbecuing events in a particular year due to an overlap in the cooking and presentation times between the chicken and turkey events. NOTE: This contest also overlaps with the Poultry judging and Egg chef challenge contests.

2. The contest sequence for cooking and presentation will be announced at the contest briefing prior to the contest. The contestants will be scored for barbecue skills, sensory evaluation, and presentation by three sets of judges according to the barbecue score sheets.

3. Following arrival and delivery of their supplies to the grilling or presentation location, contestants will work alone, except in case of an emergency, as determined by contest monitors.

4. Contestants are responsible for keeping their cooking and presentation areas tidy and for clean-up as well as the removal of their equipment and supplies.

PRODUCT COOKING AND SENSORY EVALUATION:

1. Each contestant will prepare four (4) bone-in, skin-on chicken thighs (1.5-2.0 lb. total), provided to them by the contest monitors. They will be evaluated during the preparation of their chicken by judges utilizing the chicken barbecue skills score sheet.

2. There will be a 2-hour time limit for the preparation and cooking of the chicken thighs. The chicken will not be available to the contestant prior to the contest starting time. The fire may not be lit until the contest starts.

3. Chicken shall not be marinated prior to the start of the contest. Parboiling and/or deep-frying competition meat is not allowed. Contestants may not enhance chicken meat by piercing, injecting, or inserting any fluid, sauce, or additive into the chicken product other than immediately beneath the skin layer.

4. If the contestant desires, the thighs may be deboned. In addition, if deboned, seasoning or sauce may be applied to the area vacated by bone removal. Sauce or similar products can be placed in a small metal pan on the grill for heating, but the meat product may not be placed in the metal pan while on the grill.
5. Barbecue grills will be provided for all contestants, which they will be required to use. Each contestant will be assigned a cooking space and grill along with a work area of one half of an approximately 30-inch by 8-foot folding table adjacent to their grill.

6. Charcoal and lighter fuel will also be available if needed. Contestants may bring their own charcoal and lighter fuel, but self-starting charcoal or automatic fire starter blocks will not be permitted.

7. Chimney-starters may be used, but such devices must be placed inside the grill before and during ignition and removed from the grill prior to the addition of the chicken for cooking. Fire is restricted to inside the provided grill. Burning materials outside the grills will be considered as a fire hazard.

8. The use of non-charcoal combustible fuel is to be limited. Accessories such as spits, augers, or forced draft are not permitted. Electricity will not be provided or cannot be used. Material may not be added to the grill area such as rocks, sand, or other dense materials to aid in cooking.

9. All other equipment and supplies, including sauce, must be furnished by the contestant. Sauce, if used, may be a commercial product or private recipe (description must be provided to judges on the recipe card to assist during flavor and appearance evaluation).

10. Contestants are expected to use a meat thermometer. Devices used for supporting, containing, or covering of meat during cooking will not be permitted; only aluminum foil wrap may be used.

11. Contestants must provide recipe or preparation outline cards describing sauce, rubs, or other treatments associated with the cooking of the chicken to include ingredients and special instructions if necessary, for food safety, relating to these ingredients such as keeping sauce ingredients either cool or heated. NOTE: Three (3) copies on note card stock, single 3-inch by 5-inch size preferred, containing these cooking instructions or recipe must be provided to judges – 2 copies to barbecue skills judges before starting the fire, and 1 copy to turn in to sensory evaluation judges with the cooked product.

12. Recipe cards need to include the following information:
   - Name of the recipe and contestant number
   - Ingredients and general cooking instructions
   - If special cooking techniques were used to achieve unique flavoring

13. Each contestant will present three (3) barbecued chicken thighs to the panel of judges at the conclusion of their cooking time on plates or containers provided.

14. Prior to the submission of the three (3) cooked chicken thighs for evaluation, contestants must demonstrate to the barbecue skills judges the criteria and methods they used to determine the proper doneness of their product at the time of turn-in. Judges may also independently evaluate the product at this time. Thighs may be presented either intact or boneless, however, all submitted thighs must be presented the same whether intact or boneless. The contestant is to have turned in the product by the end of the stated cooking time. Contestants will be notified 15 minutes prior to the end of the cooking time. Cooking skills will be evaluated using the chicken cooking skills score sheets.

15. Each contestant will present three (3) barbecued chicken thighs to the panel of judges at the conclusion of their cooking time on plates or containers provided.

16. No garnishes, dips, or additional items shall be presented on the plates or submitted to the judges. Note that one recipe card or cooking outline card for the sensory judges must accompany the product. The product will be evaluated using the chicken sensory score sheets.

The Aussie Walk-A-Bout Portable Charcoal Grill is used and features folding legs and a locking bowl and hood. There are 332 sq. in. cooking area cooking space, a chrome-plated cooking grid, hood, and vents, and on this grill bowl and lid.
ORAL PRESENTATION:

1. An illustrated presentation, including factual information about meat chickens, will be made by each contestant (see score sheet). The participant is to demonstrate their knowledge in the following areas:
   - The chicken meat industry in the United States and its economic importance
   - General food safety, including safe storage and handling of chicken (uncooked and cooked) with particular emphasis on preparation by grilling.
   - Nutritional value of chicken meat and its role in a balanced diet

2. Contestants will be allotted a maximum of 10 minutes for their presentation. Judges will have up to 3 minutes for questions directed at contestants. Questions may be related to statements made by the contestant during their presentation that the judges feel might need further explanation or more related to important information that may be missing from the presentation. No contestant will be allowed to have any form of identification as to name or state represented, including from in the PowerPoint presentation content, posters, or from the tabletop graphics utilized during the oral presentation.

3. Easels will be provided for those using posters. PowerPoint presentations using a computer and computer projector can be used. A Windows-based laptop computer and computer projector will be available. PowerPoint will be installed on the computer and contestants should have their talk on a USB flash drive device. Information on which version of PowerPoint will be used in the current year will be posted on the contest website. If a PowerPoint presentation is planned, the presentation is due in the final form for submission at the time of the contestant briefing held the evening before the contest. PowerPoint presentations cannot include audio. The order of presentation and contestant number will be determined at the contest briefing.

NOTE: In case of a tie following tabulation of contestant scores, the tie scores of the top five contestants will be broken in descending order by:

- Highest score in Sensory Evaluation
- Highest score in Barbecue Skills portion
- A method determined by the contest committee
TURKEY BARBECUE CONTEST
(Special awards provided by U.S. Poultry & Egg Association)

NOTE: THE TURKEY BARBECUE CONTEST WAS CHANGED STARTING WITH THE 2021 CONTEST

Webinar on the new rules https://connect.extension.org/event/new-format-for-the-national-4-h-poultry-barbecue-contests

(Special awards provided by U.S. Poultry & Egg Association)

PURPOSE OF THE CONTEST:

1. To develop leadership talents and to work toward achieving the broad objectives of developing sound character and effective citizenship.

2. To acquire scientific knowledge and improved understanding of the economy, versatility, and nutritional value of turkey meat and its relationship to human nutrition and health.

3. To help youth develop skills in the preparation and use of turkey and to acquire the ability to express their ideas proficiently and efficiently through participation in projects, talks, discussions, demonstrations, and exhibits.

RULES AND INFORMATION:

1. Each state is eligible to enter one bona fide 4-H member in the contest; however, an individual may only enter one of the barbecuing events in a particular year due to an overlap in the cooking and presentation times between the chicken and turkey events. Note: There are also overlaps with the Poultry judging and Egg chef challenge contests.

2. The contest sequence for cooking and presentation will be announced at the contest briefing prior to the contest.

3. The contestants will be scored for barbecue skills, sensory evaluation, and oral presentation by three sets of judges according to the barbecue score sheets.

4. Following arrival and delivery of their supplies to the grilling or presentation location, contestants will work alone, except in case of an emergency, as determined by contest monitors.

5. Contestants are responsible for keeping their cooking and presentation areas tidy and for clean-up as well as the removal of their equipment and supplies.

PRODUCT COOKING AND SENSORY EVALUATION:

1. The contestant will prepare and cook turkey patties using ground turkey (as is 85-90% lean) provided by the contest monitors. At least 75% by weight of the burger ingredients must consist of the ground turkey provided by the contest monitors. Only the patties are submitted, and no other hamburger toppings may be included.

2. There will be a 2-hour time limit on the preparation of the turkey patties. Each contestant will be provided 2 pounds of ground turkey. The contestant will use this turkey product to prepare
turkey patties of a minimum of 1/4 pound (uncooked weight), with two (2) to be submitted for sensory evaluation. The ground turkey will not be available to the contestant prior to the contest starting time.

3. The fire may not be lit until the contest starts.

4. Parboiling and/or deep-frying competition meat is not allowed. The turkey patties may be cooked in aluminum foil wrap, or a basket formed of foil wrap. Separate ingredients such as sauce or similar products may be placed in a small metal pan on the grill for heating, but the meat product may not be placed in the metal pan while on the grill.

5. Barbecue grills will be provided for all contestants, which they will be required to use. Each contestant will be assigned a cooking space and grill along with a work area of one half of an approximately 30-inch by 8-foot table adjacent to their grill.

6. Charcoal and lighter fuel will also be provided, but contestants may bring their own charcoal and lighter fuel. Self-starting charcoal or automatic fire starter blocks will not be permitted.

7. Chimney-starters may be used, but such devices must be placed inside the grill before and during ignition and removed from the grill prior to the addition of the turkey for cooking. Fire is restricted to inside the provided grill. Burning materials outside the grills will be considered as a fire hazard. The use of non-charcoal combustible fuel is to be limited.

8. Accessories such as spits, augers, or forced draft are not permitted. Electricity will not be provided or used.

9. Material may not be added to the grill area such as rocks, sand, or other dense materials to aid in cooking. Appropriate charcoal use will be considered by the evaluators.

10. All other equipment, supplies, and ingredients, including sauce, must be furnished by the contestant. Sauce, if used, may be a commercial product or private recipe (description must be provided to judges on the recipe card to assist during flavor and appearance evaluation).

11. Contestants are expected to use a meat thermometer.

12. Devices used for supporting, containing, or covering meat during cooking will not be permitted; only aluminum foil wrap may be used.

13. The contestant must provide recipe or preparation outline cards describing sauce, rubs, or other treatments associated with the cooking of the turkey. They must list include ingredient quantities and special instructions if necessary, for food safety relating to these ingredients such as keeping sauce ingredients either cool or heated. NOTE: Three (3) copies on note card stock, single 3-inch by 5-inch size preferred, containing these cooking instructions or recipe must be provided to judges – 2 copies to skills judges before starting the fire, and 1 copy to turn in to sensory evaluation judges with the cooked product.

14. Recipe cards need to include the following information:
   - Name of the recipe and contestant number
   - Ingredients and general cooking instructions for the sauce
- Materials added to the turkey meat
- If special cooking techniques were used to achieve unique flavoring

15. Prior to the submission of the cooked turkey burgers for evaluation, the contestant must demonstrate to the barbecue skills judges the criteria and methods they use to determine the proper doneness of their product at the time of turn-in. Judges may also independently evaluate the product at this time.

16. Contestants must turn in the product by the end of the stated cooking time. Contestants will be notified 15 minutes prior to the end of the cooking time. Cooking skills will be evaluated using the **turkey cooking skills score sheets**.

17. Each contestant will present two (2) cooked turkey burgers on containers provided to the panel of judges at the conclusion of their cooking. No burger toppings, garnishes, dips, or additional items shall be presented on the plates or containers or submitted to the judges. Only the turkey patties are to be placed in the containers submitted. NOTE: that one recipe card or cooking outline card for the sensory judges must accompany the product when turned in. The product will be evaluated using the **turkey sensory score sheets**.

The Aussie Walk-A-Bout Portable Charcoal Grill is used and features folding legs and a locking bowl and hood. There are 332 sq. in. cooking area cooking space, a chrome-plated cooking grid, hood, and vents, and on this grill.

**ORAL PRESENTATION:**

1. An illustrated presentation, including factual information about the commercial turkeys, will be made by each contestant (see score sheet). The participant is to demonstrate their knowledge in the following areas:
   - The turkey industry in the United States and its economic importance
   - General food safety, including safe storage and handling of turkey (uncooked and cooked) with particular emphasis in preparation for grilling.
   - Nutritional value of turkey and its role in a balanced diet

2. Contestants will be allotted a **maximum of 10 minutes** for their presentation. Judges will have up to 3 minutes for questions directed at contestants. Questions may be related to
statements made by the contestant during their presentation that the judges feel might need further explanation or important information not mentioned in the presentation.

3. No contestant will be allowed to have any form of identification as to name or state represented, including from the PowerPoint presentation content, posters, or from the tabletop graphics utilized during the oral presentation.

4. Easels will be provided for those requiring them. PowerPoint presentations using a computer and computer projector can be used. A Windows-based laptop computer and computer projector will be available. PowerPoint will be installed on the computer and contestants should have their talk on a USB flash drive device. If a PowerPoint presentation is planned, the presentation is due in the final form for submission at the time of the contestant briefing the evening before the contest. PowerPoint presentations cannot include audio. The order of presentation and contestant number will be determined at the contest briefing.

5. Presentations will be evaluated using the presentation score sheet. In case of a tie following tabulation of contestant scores, the tie scores of the top five contestants will be broken in descending order by:
   - Highest score in Sensory Evaluation
   - Highest score in Barbecue Skills portion
   - A method determined by the contest committee
